Annual POCT Recertification Calendar

To perform Point of Care Testing (POCT) each approved employee must complete an Initial Orientation and Training Record and Competency Test. They must also perform their Competency Test a second time during their first year, and then, everyone must recertify / demonstrate Competency annually.

Each area that has been approved to perform POCT has a specified month to complete their recertification each year. If your area needs their month changed or adjusted, please contact POCT Services.

NOTE: An active, working barcode ID indicates an employee is current on their testing requirements and has permission to perform POCT on patients or clients. A non-working barcode ID indicates that they are out of compliance and do not have permission to perform POCT on patients / clients. Sharing of barcode IDs is strictly prohibited.

RECERTIFICATION CALENDAR

January	February	March	April
• H32 H38 • WD86 • H66 H68 • H47	• 6G • WD93 • H22 H25 • HG7 Cath Lab • CLIN LAB • H24	• HG3 HG4 • RCS • H34 H36 • HG7 OR	• FHC • IR • H54 H56 H58 • UCC • Pharmacy
