John MacGregor, MD
Medical Director,
Cardiac Cath Laboratory

Barbara Haller, MD, PhD
Director, Clinical Laboratory

Clinical Indication

- Determination of cardiac output by Fick method and characterization of intracardiac shunts for diagnostic purposes.
- Tests are performed by trained nursing staff.

Documentation

- Orders and results will be documented in the patient's electronic medical record or a downtime form.

Clinical Action

- Immediately report and review Oximetry results with attending MD.
- Refer to MD orders.
