Barbara Haller, MD, PhD  
Director, Clinical Laboratory

### Clinical Indication

- Screening for visitors without proof of COVID-19 vaccination or a negative test result in the last 24 hours per State of California Health order effective 1/1/2022.

### Documentation

- Results will be recorded on a Results Sheet.

### Clinical Action

- All surveillance results will be reviewed by the testing personnel and the following actions will be taken:
  - Negative results: Visitor can accompany patient to the unit.
  - Positive results: Do not allow visitor to enter and refer for follow-up care according to current recommendations.
  - NOTE: Visitors will only be issued screening passes, not results.
